

Overbed Table

TASK
MEDICAL

The Task Medical Overbed Table is a practical and versatile solution for patients with limited mobility, providing a stable surface for eating, drinking, writing, and other daily activities. Designed for ease of use, it features adjustable height, smooth-rolling casters, and a sturdy construction, making it ideal for hospitals, aged care facilities, and home use.

Product Features

- Durable top made of ABS/PP
- Rounded corners for safety
- Sturdy powder-coated iron base with plastic cover
- Silent casters with two brakes for stability

Product Specifications

- Dimensions: 90W x 40D x 70-94H cm
