

## SS Mobile IV Drip Stand 2 Hooks

The Task Medical Mobile IV Drip Stand provides reliable and durable support for IV therapy. Featuring a sturdy stainless steel construction and a five-leg weighted base, it ensures stability even in high-traffic environments. Equipped with smooth-rolling, lockable castors, this IV stand offers excellent manoeuvrability, while the two prong hooks securely hold IV drips in place.

### Product Features

- Stainless steel construction for durability
- Five-leg weighted base for stability
- Smooth rolling, lockable castors for easy movement
- 2 Prong hooks for secure IV drip placement

### Product Specifications

- Height range: 1350 – 2050 mm
